DOCKET NO. 03-41-NG

ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 1886

August 18, 2003

I. DESCRIPTION OF REQUEST

On August 14, 2003, Chevron U.S.A. Inc. (Chevron) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),^{1/} for blanket authorization to import up to 55 billion cubic feet of natural gas from Canada. The applicant requests the authorization be granted for a two-year term beginning on the date of this Order.^{2/} Chevron is a Pennsylvania corporation with its principal place of business in San Ramon, California. The applicant will import the gas on its own behalf or as the agent for others under short-term purchase arrangements negotiated in response to market conditions. The proposed authorization does not involve the construction of new pipeline facilities.

II. FINDING

The application has been evaluated to determine if the proposed import arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Chevron to import natural gas from Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions under contracts with terms of no longer than two years.

ORDER

¹ 5 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redesignation Order No. 00-002.4 (January 8, 2002).

² The current blanket authorization to Chevron, granted by DOE/FE Order No. 1785 dated June 4, 2002 (50 FR 70,752), was vacated to increase its volumes on the date of this Order.

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. Chevron U.S.A. Inc. is authorized to import up to 55 billion cubic feet of natural gas from Canada. The term of the authority will be for a two-year term beginning on the date of this Order.

B. This natural gas may be imported at any entry point on the border of the United States and Canada.

C. With respect to the natural gas imports authorized by this Order, Chevron shall file with the Office of Natural Gas & Petroleum Import & Export Activities, within 30 days following each calendar quarter, reports indicating whether imports of natural gas have been made. Quarterly reports must be filed whether or not initial deliveries have begun. If no imports of natural gas have been made, a report of "no activity" for that calendar quarter must be filed. If imports have occurred, the report must give details of each transaction, including: (1) the total monthly volumes in thousand cubic feet (Mcf); (2) the average purchase price of gas per million British thermal units (MMBtu) at the international border; (3) the name of the seller(s); (4) the name of the purchaser(s); (5) the estimated or actual duration of the agreement(s); (6) the name of the United States transporter(s); (7) the point(s) of entry; (8) the geographic market(s) served; and, if applicable, (9) the per unit (MMBtu) demand/commodity/reservation charge breakdown of the contract price. [OMB No.: 1901-0294]

D. The first quarterly report required by this Order is due not later than October 30, 2003, and should cover the period from the date of this Order, until the end of the third calendar quarter, September 30, 2003.

E. The quarterly reports shall be filed with the Office of Natural Gas & Petroleum Import & Export Activities, Fossil Energy, Room 3E-042, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585.

Issued in Washington, D.C., on August 18+, 2003
