Re: **BG LNG Services, LLC**
FE Docket No. 06-06-LNG

Dear Mr. Corbin:

Pursuant to Part 590 of the regulations of the Department of Energy ("DOE"), 10 C.F.R. Pt. 590 (2005), please find enclosed the application of BG LNG Services, LLC ("BGLS") for long-term authorization to import liquefied natural gas from the Republic of Equatorial Guinea pursuant to Section 3 of the Natural Gas Act, as amended. Also please find enclosed a check for \$50 made payable to the Treasury of the United States as required by 10 C.F.R. § 590.207.

Please file stamp the enclosed extra copies of this application and return them to our messenger. Thank you for your attention to this matter.

Respectfully submitted,

John S. Decker
Attorney for BG LNG Services, LLC

II. BACKGROUND

BGLS is a limited liability company organized under the laws of the State of Delaware, having its principal place of business at 5444 Westheimer, Suite 1775, Houston, Texas 77056. BGLS is a wholly-owned subsidiary of BG Group plc, which has its principal place of business at 100 Thames Valley Park Drive, Reading, Berkshire, RG6 1PT, England. Pursuant to authorizations previously granted to BGLS by the OFE, BGLS engages in the business of importing LNG from various international sources.⁴

III. LONG-TERM AUTHORIZATION REQUESTED

BGLS is seeking a long-term authorization to import LNG from the Republic of Equatorial Guinea pursuant to the terms of the Master Agreement and Confirmation Memorandum. BGLS and BGLT have entered into a Master Agreement that contains general terms and conditions applicable to all contracts between BGLS and BGLT for the importation of LNG into the United States. BGLS filed the Master Agreement with the OFE on December 9, 2005 in DOE/FE Docket No. 05-114-LNG and the Master Agreement is hereby incorporated by

⁴ BGLS also imports LNG pursuant to the following authorizations: DOE/FE Order No. 1977 (April 19, 2004), DOE/FE Order No. 1975 (April 16, 2004), DOE/FE Order No. 1947 (February 18, 2004), DOE/FE Order No. 1932 (December 30, 2003), and DOE/FE Order No. 1926 (December 8, 2003).

reference. The Confirmation Memorandum filed herewith contains the terms specific to the particular transaction, including: identification of the upstream agreement under which the LNG is being obtained; the source of the supply; the name of the supplier; and the term and quantity of the contract. By structuring its transactions in such a manner, BG Group plc can obtain greater flexibility in executing its transactions as well as increased transparency in its transactions.

Pursuant to the terms of the Master Agreement and Confirmation Memorandum, BGLS will purchase LNG from BGLT for importation into the United States. Upon importation, BGLS will sell the LNG and the natural gas resulting from vaporization of the LNG to various third parties in the regular course of business. BGLT will acquire the LNG subject to the terms of a separate confirmation memorandum with BG Gas Marketing, Ltd. (“BGGM”). BGGM will purchase the LNG from Equatorial Guinea LNG Train 1, S.A. in the Republic of Equatorial Guinea. The point of entry for the importation of LNG into the United States will primarily be the LNG terminalling, storage and vaporization facilities located on Elba Island, in the vicinity of Savannah, Georgia and at the Lake Charles Terminal in Lake Charles, Louisiana (the “LNG Terminal(s)”).

The Confirmation Memorandum is effective from the date of execution, August 2, 2005 to December 31, 2023. BGLS will purchase LNG from BGLT in an amount up to the annual contract quantity of 177.7 TBtu per year of LNG or LNG equivalent pursuant to the Confirmation Memorandum.

BGGM will acquire the LNG subject to the terms of an LNG Sales Contract with Equatorial Guinea LNG Train 1, S.A. and sell the LNG to BGLT subject to the terms of a separate agreement. The Master Agreement requires BGLS to take any LNG provided by BGLT

under the Confirmation Memorandum or pay damages incurred by BGLT for a failure to accept delivery.

The price BGLS will pay BGLT for the LNG it purchases under the Master Agreement⁵ is a formula based on sales proceeds received by BGLS and published price indices for natural gas. BGLS will pay a price for LNG delivered pursuant to either (i) the final settlement price for the New York Mercantile Exchange's Henry Hub natural gas futures contract for delivery during such month; or (ii) the average price for "Daily Price Survey ... Louisiana-Onshore-South ... Henry Hub ... Midpoint" as published in *Platts Gas Daily*. Because the contract price for LNG under the Agreement is linked to published natural gas price indices, the price of LNG supplied during the term of the Confirmation Memorandum will remain competitive.

V. ENVIRONMENTAL IMPACT

BGLS intends to continue to use existing facilities for importing LNG as requested herein. This application therefore neither contemplates nor requires the construction of new facilities. Consequently, granting this application will not involve a federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act.⁶ Accordingly, neither an environmental impact statement, nor an environmental assessment, is required.

⁵ The pricing formula is included in the general terms of the Master Agreement and not in the Confirmation Memorandum.

⁶ 42 U.S.C. § 431, *et seq.* (2000).

VI. THE PUBLIC INTEREST

Section 3 of the NGA provides that an import or export of natural gas must be authorized unless there is a finding that it “will not be consistent with the public interest.”⁷ Under Section 3(c), the importation of LNG “is deemed to be consistent with the public interest and must be granted without modification or delay.”⁸ The long-term import authorization sought by BGLS herein meets the Section 3(c) criterion and, therefore, is consistent with the public interest.

VII. REPORTING REQUIREMENTS

As in its other existing import authorizations, BGLS agrees to follow the reporting requirements listed below as a condition to receiving the requested long-term import authorization:

- A. Within two weeks after deliveries begin, BGLS must provide written notification to OFE of the date on which the first import of LNG occurred pursuant to the authorization requested herein.
- B. With respect to the LNG imports authorized in this docket, BGLS will file within 30 days following each calendar quarter, reports indicating, by month: (1) the country of origin; (2) total monthly volumes of LNG imported; (3) the monthly volumes taken by each of BGLS’s customers; (4) the name of the seller(s), (5) the point(s) of entry; (6) the name(s) of the LNG tankers used; (7) the estimated or actual duration of agreements; (8) the geographic market(s) served; (9) the

⁷ 15 U.S.C. § 717b(a) (2000).

⁸ *Sonat Energy Services Co.*, Order Granting Long-Term Authorization to Import Liquefied Natural Gas From Trinidad and Tobago, DOE/FE Order No. 1549, FE Docket No. 99-93-LNG (Dec. 8, 1999).

average landed cost per MMBtu at the point of import; and (10) the per unit (MMBtu) demand/commodity/reservation charge breakdown of the contract price.

- C. The first quarterly report required by paragraph B will be due within 30 days following the first complete calendar quarter that follows the commencement of deliveries under this authorization.

VIII. CORPORATE POWER OF COMPANY

The opinion of counsel, required by 10 C.F.R. § 590.202(c) (2005), showing that the proposed importation of LNG is within the corporate powers of BGLS, is attached as Exhibit A.

IX. RELATED REGULATORY PROCEEDINGS

BGLS's request for long-term import authorization is not being considered by any other part of DOE, including the Federal Energy Regulatory Commission, or any other federal agency or department. BGLS currently has two other pending import applications on file with the DOE in DOE/FE Docket Nos. 05-114-LNG and 05-115-LNG.

**X.
CONCLUSION**

WHEREFORE, for the foregoing reasons, BGLS respectfully requests that OFE grant the instant application for a long-term import authorization to import LNG from the Republic of Equatorial Guinea. BGLS submits that a grant of such authorization would be consistent with the public interest.

Respectfully submitted,

Washington, D.C. 20585

Dear Mr. Corbin:

This opinion is furnished in accordance with the requirements of 10 C.F.R. § 590.202(c) (2005), in conjunction with the application of BG LNG Services, LLC for an order requesting a long-term authorization to import liquefied natural gas into the United States pursuant to Section 3 of the Natural Gas Act, as amended.

I am counsel for BG LNG Services, LLC, in the above-referenced matter, and as such, I am familiar with the Articles of Incorporation, By-laws and corporate records of BG LNG Services, LLC. I have examined these and other relevant documents and am of the opinion that the proposed importation of liquefied natural gas by BG LNG Services, LLC is within the corporate powers of BG LNG Services, LLC.

This opinion is submitted solely for the purpose of this matter, and may not be relied upon by the Office of Fossil Energy, or by any other governmental entity, or any person, for any other purpose.

Respectfully Submitted,

Jason T. Klein

EXHIBIT B

**MASTER LNG SALE AND PURCHASE AGREEMENT BETWEEN
BG LNG SERVICES, LLC AND
BG LNG TRADING, LLC**

Exhibit B has been filed with the OFE by BGLS on December 9, 2005 in FE Docket No. 05-114-LNG and is hereby incorporated by reference.

EXHIBIT C

**CONFIRMATION MEMORANDUM TO THE
MASTER LNG SALE AND PURCHASE AGREEMENT BETWEEN
BG LNG SERVICES, LLC AND
BG LNG TRADING, LLC**

Memorandum to the Master LNG Sale and Purchase Agreement
Dated August 2, 2005
between BG LNG Trading, LLC, as Seller
and BG LNG Services, LLC, as Buyer

TERMS AND CONDITIONS

1. Supply Agreement

The Supply Agreement, from which the LNG to be sold under this Memorandum is that certain EQUATORIAL GUINEA TRAIN 1 LNG SALES CONTRACT dated June 22, 2004, between BG GAS MARKETING, LTD., as buyer, and EQUATORIAL GUINEA LNG TRAIN 1, S.A., as seller, a copy of which has been provided to Buyer. Seller will acquire the LNG sold under this Memorandum pursuant to the BGGM-BGLT Agreement.

2. Source of Supply

The source of supply under the Supply Agreement is the loading port and related facilities located at Punta Europa, Bioko Island, Equatorial Guinea.

3. Supplier

The supplier under the Supply Agreement is Equatorial Guinea LNG Train 1, S.A.

4. Contract Term

The term of the Supply Agreement commences on June 22, 2004 and shall remain in effect for a period ending on December 31, 2023, as may be extended or earlier terminated pursuant to the terms of the Supply Agreement.

5. Annual Contract Quantity

The annual contract quantity under the Supply Agreement is approximately 177.7 TBtu/year, reduced for boil-off and subject to adjustment pursuant to the provisions of the Supply Agreement.

IN WITNESS HEREOF, each of the Parties has caused this Memorandum to be executed in more than one copy, each of which shall be deemed to be an original as of the 2nd day of August 2005.
