ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS FROM AND TO
CANADA, AND TO IMPORT NATURAL GAS FROM MEXICO

DOE/FE ORDER NO. 2264

OCTOBER 16, 2006

I. DESCRIPTION OF REQUEST

On September 28, 2006, TransCanada Energy Ltd. (TransCanada) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to import up to 725 billion cubic feet (Bcf) of natural gas from Canada and to export up to 300 Bcf of natural gas to Canada. The applicant also requests authority to import up to 300 Bcf of natural gas from Mexico. The applicant requests the authorization be granted for a two-year term beginning on November 1, 2006². TransCanada is an Alberta corporation with its principal place of business in Calgary, Alberta.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub L. 102-486). Under section 3(c), of the NGA, the import and export of natural gas from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by TransCanada to import and export natural gas from and to Canada, and to import natural gas from Mexico, nations with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redesignation Order No. 00-002.04B (September 23, 2005).

² TransCanada's blanket authorization granted in DOE/FE Order No. 2024 on October 14, 2004, extends through October 31, 2006 (2 FE ¶ 71,025).
