FE DOCKET NO. 06-112-NG

ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT AND EXPORT NATURAL GAS
FROM AND TO CANADA

DOE/FE ORDER NO. 2275

OCTOBER 27, 2006

I. DESCRIPTION OF REQUEST

On October 10, 2006, Central Hudson Gas & Electric Corporation (Central Hudson) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA),¹ for blanket authorization to import and export up to a combined total of 25 billion cubic feet of natural gas from and to Canada. The applicant requests the authorization be granted for a two-year term beginning on November 1, 2006.² Central Hudson is a New York corporation with its principal place of business in Poughkeepsie, New York.

II. FINDING

The application has been evaluated to determine if the proposed import and export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), of the NGA, the import and export of natural gas from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG are deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Central Hudson to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹ 15 U.S.C. § 717b. This authority is delegated to the Assistant Secretary for Fossil Energy pursuant to Redelegation Order No. 00.002.04B (September 23, 2005).

² Central Hudson's blanket authorization to import and export natural gas granted by DOE/FE Order No. 2146 on October 28, 2005, extends to October 31, 2007 (2 FE ¶ 71,198) and is simultaneously being vacated under a separate order.
